Social Language Therapy Group

Fall Program

Program runs:
September 10th – November 12th
Register by: August 4th

Explorers (ages 8-13 years)

Wednesdays

4:30 PM - 5:30 PM

Join us in a safe and positive group environment that will support children in monitoring and adapting their social language and understanding and thinking of others. We will work to address each child's specific language and social communication goals while increasing social language skills through:

- Direct instruction
- Skill practice with peers
- Role-playing
- Naturally occurring events
- Video modeling
- Collaborative games

Our Social Language Therapy Group will target social-language skills from the perspective of social thinking, including:

- How to use appropriate conversational skills
- Understanding others perspectives
- Interpreting facial expressions and body language

Please note that group participants should be able to tolerate a 1-hour session once a week. A copy of a recent speech and language evaluation or IEP is required.

See the reverse side for the interest application. If a session is not filled, it may be canceled.

About Midwestern University's Speech-Language Institute

Midwestern University is a teaching facility; therefore, therapy will be provided by graduate-level clinicians and supervised by a certified and licensed speech-language pathologist. Each participant will be paired with a graduate student clinician in order to provide consistency and 1:1 supervision/support.

We provide a full range of speech, language, and swallowing services for individuals with communicative disorders. As an educational facility for graduate students entering the field of speech-language pathology, the Institute maintains high standards in its delivery of comprehensive evaluations and therapy. The Institute serves persons of all ages, from infants to senior citizens.
